## TESTIMONIALS

Best DEI workshop I've had in my career yet. Really appreciate the ability that you have to engage us in raw and honest conversation. **Board of Director Participant**

Your ability to demonstrate understanding, compassion and yet challenge us in our thinking about ourselves is a true gift. **Vice President, Busey Bank**

Throughout the presentation I felt like there were leaders that really needed to hear what she is saying. The points that she made are often overlooked. I felt myself nodding throughout the whole presentation.
